

The KH difference is in the quality and craftsmanship that goes into each durable and dependable lighting and power product we design.

Design. Quality. Craftsmanship. Service.

As a proud US manufacturer for over 60 years, KH employs skilled professionals in sales, customer service, engineering, production, and technical support to ensure we can assist our customers from the time we personally pick up the phone to answer your call to delivery and beyond.

KH's investment in a state-of-the-art manufacturing facility allows for a vertically integrated manufacturing and production process. We control the quality and production of the components in all our finished products.

ADDITIONAL KH Products

Durable, industrial-grade products

KH Industries has an extensive variety of plugs and connectors, push button control pendants, portable outlet boxes, pendants, stringers and festooning systems. Constructed with durable materials to withstand the rigors of heavy industrial use, our high quality products are ideal for a number of applications and industries.
